

REMARKS

The above-noted cancellation of claims 1-33, and addition of new claims 34-53, as well as revisions to the Specification, are respectfully submitted prior to initiation of the prosecution of this application in the U.S. Patent and Trademark Office.

The above-noted new claims are respectfully submitted in order to more clearly and correctly define the subject matter which constitutes the present invention. This application is now not only believed to be in proper condition for examination in accordance with the requirements of U.S. practice, but the claims are believed to fully define patentable subject matter over the prior art, and therefore consideration and allowance of these claims is respectfully solicited.

If, however, for any reason the Examiner does not believe such action can be taken, it is respectfully requested that the Examiner telephone applicant's attorney at (908) 654-5000 in order to overcome any objections the Examiner may have to allowance of these claims.

Finally, if there are any additional charges in connection with this requested amendment, the Examiner is authorized to charge applicant's Deposit Account No. 12-1095 therefor.

Dated: October 27, 2005

Respectfully submitted,

By
